7:45 Meeting called to order

Bob Sanko spoke of the fields; they are in good shape and he is hoping to have another field duty in mid May – email will be going out to coaches. There is much weed whacking that needs to be done around parent benches on field #1 & all around the snack stand (cement & parking lot side) The REC has agreed to repair the damage to fence. Snack stand is up and running – Turf snack stand should be up & running soon. New hotdog cart was purchased for the use at the turf. The town has agreed to let us open the snack stand on a temp c/o – Bob stated he will stay after the town to see about getting our perm c/o.

Dom; has completed the web site schedule – he is updating information once received from the scheduler. Demosphere – he is attending a trial test run next week – we should be up and ready for the club for the end of June for July registration.

Bill; Red Bulls training in the fall. Contract was received by Dawn F and is under review. Tryouts are scheduled for May 10, 11, 12 13. School flyer will be going out next week. Training will be one night per week starting in September. Should any team wish to have 2 nights a week by Red Bulls – arrangements can be made but the extra cost will be on the team.

Laura; we are sending out flyers to rec kids alerting them of tryouts...we are hoping for more kids to join our club. 50/50 tickets will be going to coaches shortly – nice easy fundraiser.

Open from the General Membership – Glenn O'Bryant brought up the difficulty he is having this year with baseball players. Several coaches agreed it is tough this year as kids are now playing baseball on Sunday's (apparently before they were not). Discussion came up regarding a Fall only season as well as a Spring only season. Of course many parents that night wanted to keep it to a Fall/Spring season as it is now. Laura Readie as President stated that the board would take everyone's opinions into consideration and the board would actively look for a solution. It was stated that once the board made a final decision, a decision that would be based on what is best for the majority of kids; the coaches would be notified of the decision.

Meeting called to order at 8:48
